

REQUEST FOR PROPOSALS

Grant County Community Investment Fund

I. Background

Freeport-McMoRan is a leading international mining company with headquarters in Phoenix, Arizona. FCX is the world’s largest publicly traded copper producer, the world’s largest producer of molybdenum and a significant gold producer. Our New Mexico locations include the Tyrone and Chino Mines in Grant County. The company has a strong commitment to safety performance, environmental management and to the local communities where it operates.

The Grant County Community Investment Fund was established by the Freeport-McMoRan Foundation in 2011. The Foundation funds capacity-building programs and initiatives that support communities as they address obstacles that prevent them from fully realizing their development goals. The programs and projects the Foundation supports are designed or selected for their ability to increase a community’s capacity to achieve measurable results; creating a stronger community less dependent on a single industry or business and more economically diverse and sustainable.

The Freeport-McMoRan Foundation will have at least **\$400,000 available to support projects in Grant County, NM**. The dollars will be awarded by April 1, 2018 and are designated to support projects in the following areas, as deemed important by community partners through our stakeholder engagement processes. The investment seeks to support one or more community project(s) that addresses an identified opportunity or obstacle to community development and long term sustainability.

COMMUNITY PRIORITY <i>(The issues determined most important to the community’s ability to become more socially and economically sustainable)</i>	FOCUS AREAS <i>(How the priority has been defined specifically by this community)</i>

VI. Selection Process & Funding

Through the Community Investment Fund, the Freeport-McMoRan Foundation will make investments in programs that best meet the eligibility requirements outlined in this RFP through consultation with local stakeholders. A committee comprised of community leaders representing diverse organizations and two Freeport-McMoRan representatives governs the Fund. The community leaders were selected by the Grant County Community Partnership Panel, a stakeholder engagement process established by Freeport-McMoRan in 2008 to foster open and ongoing dialogue with the community, allowing the company and the community to work together to develop thoughtful solutions that address community issues. Organizations will have their application scored using a standardized rubric that considers established criteria. Finalists will be asked to participate in an in-person interview or may be contacted to answer clarifying questions if needed.

Funding will be paid out by April 1, 2018.

A separate cash or in-kind investment equal to at least 10% of the proposed program budget is highly encouraged. Applicants that can leverage 25% or greater cash or in-kind match will receive additional /priority consideration (via a weighted score in the scoring rubric that will be used).

VII. Questions

Applicants may submit questions for clarification pertaining to the RFP to the following email address: aharmon@fmi.com or kcook@fmi.com. If the question is lengthy or challenging to explain via email, you may send an email to request a phone call. (Please provide contact information).

VIII. Other Notes

The Freeport-McMoRan Foundation reserves the right to make all final determinations with regard to the selection of Letters of Interest invited to submit a full application as well as the selection of applicants to receive grants. The Foundation further reserves the right to make adjustments to the process, criteria, timeline or any other aspects of this RFP, with appropriate communication to those who may be affected by any such changes.
