

SOCIAL PERFORMANCE: 2023 YEAR IN REVIEW

Ajo

Transforming tomorrow together

Year In Review | Freeport-McMoRan is committed to fostering open and ongoing dialogue to develop thoughtful solutions and address community issues. "Transforming Tomorrow Together" means that we work collaboratively with communities to make transformative change and increase opportunity, wellbeing and capacity. We are pleased to highlight some of our key work from 2023 and look forward to a productive 2024 with you.

INVESTMENT

\$254,780 DOLLARS INVESTED

One recipient, the Ajo Unified School District, received \$75,000 to revitalize the Red Raider sports facilities, allowing students to participate in sports and acquire skills applicable both on and off the field, thereby improving academic outcomes and future opportunities.

"Donations and grants like the one from Freeport-McMoRan help students compete in extracurricular activities, thus improving the growth of our students."

-Angelina Valenzuela, District & Superintendent's Secretary, Ajo Unified School District #15

ENGAGEMENT

COMMUNITY DEVELOPMENT...

"The Community Leadership Accelerator was a great opportunity. I made lots of connections with other leaders, learned valuable information. Lots of which I have already put to use. Very happy I was given the opportunity to participate."

-Lucia Gutierrez, Community Leadership Accelerator participant

In 2023, Freeport-McMoRan partnered with the Sonoran Desert Inn and Conference Center to provide an opportunity for their General Manager to participate in Elan Consulting's eight-month Community Leadership Accelerator program. This is the first time someone from Ajo has participated in the accelerator program. This partnership provided an opportunity to act on the Freeport commitment to workforce development, leadership, and capacity-building, all critical elements of building a resilient economy.

THE COPPER MARK

Freeport-McMoRan has achieved the Copper Mark at all 12 of its copper producing sites globally and has achieved the Molybdenum Mark at its two primary molybdenum mines, four copper mines that produce by-product molybdenum and at its molybdenum conversion facilities.

"Freeport is committed to the responsible production of copper and molybdenum, both of which are critical to the clean energy transition. We demonstrate this commitment through the Copper Mark, a comprehensive assurance framework that promotes responsible production processes."

- Bill Cobb, Vice President and Chief Sustainability Officer
