

# COMMUNITY PARTNERSHIP PANEL

## Meeting Notes Summary

### BAGDAD

May 20, 2021

### Purpose

The [Community Partnership Panel](#) is hosted by Freeport-McMoRan to keep the community informed about operational activities and to foster open and ongoing dialogue to develop thoughtful solutions to address community issues.

### Industry / Business Update

For the most recent company financial information, please visit: [Freeport-McMoRan Investor Center](#). You can also access the company industry / business update video from Freeport-McMoRan President and Chief Operating Officer-Americas, Josh Olmsted [HERE](#).

### Bagdad Operations Update

- Safety
  - 450 vaccines, less and less COVID-19 impact
  - Minimal high-energy (high risk) exposure events
- “Manage today for 95k”
  - Mine ramp-up progressing well following following COVID-19 curtailment
  - Record milled tons-per-operating hour for quarter and month (March)
  - Necessary preparatios were in place for the Q2 primary crusher installation
- Moly Concentrate Leach Plant (CLP)
  - Effective demonstration of additional CLP capacity

### ESG – Environmental Management Strategies

- [HERE](#) is the link to the video where Bill Cobb, Vice President and Chief Sustainability Officer, and Sheila Deely, Assistant General Counsel and Senior Director-Corporate Environmental Affairs, discussed Freeport-McMoRan’s Environmental Management Strategies

### Bagdad Site Environmental Strategies

- Stewardship
  - Bagdad has more than 1,000 environmental stewards
  - Every employee, every contractor and every partner has a role in achieving our environmental obligations and targets
  - We are all a key part of the work
- Water
  - We continue a longstanding focus on efficient use of water
  - Constantly search for process improvements to help conserve this resource
  - We search out and invest in alternative ways to reduce freshwater needs through opportunities in reuse / recycling, methods to reduce evaporative loss, and modifications in operating practices
- Energy
  - We continue our pursuit of improved energy efficiency and moving to a lower carbon future:
    - Continue to develop options for renewable energy projects such as solar

- Engaged in studies to target equipment upgrades to improve efficiency / reduce demand
- Continue to replace large fixtures with LED units
- We are testing opportunities to reduce fuel use with our diesel equipment
- We are investing in equipment that enables us to produce more efficiently

## Community Engagement / Development Update
