## THE COPPER MARK

FCX has achieved the Copper Mark at all 12 of its copper producing sites globally and has achieved the Molybdenum Mark at its two primary molybdenum mines, four copper mines that produce by-product molybdenum and at its molybdenum conversion facilities.

"Freeport is committed to the responsible production of copper and molybdenum, both of which are critical to the clean energy transition. We demonstrate this commitment through the Copper Mark, a comprehensive assurance framework that promotes responsible production processes."

- Bill Cobb, Vice President and Chief Sustainability Officer
