

# SOCIAL PERFORMANCE: 2023 YEAR IN REVIEW

**Climax** *Transforming tomorrow together*

Year In Review | Freeport-McMoRan is committed to fostering open and ongoing dialogue to develop thoughtful solutions and address community issues. “Transforming Tomorrow Together” means that we work collaboratively with communities to make transformative change and increase opportunity, wellbeing and capacity. We are pleased to highlight some of our key work from 2023 and look forward to a productive 2024 with you.

## INVESTMENT

**\$806,516** DOLLARS INVESTED

One recipient of Freeport-McMoRan Foundation funds, Lideres Latinx, received \$50,000 to support education and civic engagement opportunities in their efforts to increase inclusion, success and well-being within the Latinx population.

“The mission of Lideres Latinx is to advance the inclusion, success and well-being of the immigrant and Spanish-speaking residents in Leadville and Lake County. In the past years, we have hosted events around education, civic engagement and cultural events. With the grant awarded by the Freeport-McMoRan Foundation, we will be able to continue our mission.”

- Stacy Contreras, Lideres Latinx

\*Investment total includes: Freeport-McMoRan Foundation and Climax investment totals.

## ENGAGEMENT

### A COMMUNITY PARTNERSHIP...

"...it has been really exciting to be a part of the initiative of bringing electric vehicles to Climax mine. Freeport is working with Ford to collect data from these electric trucks to help with efficiencies and improvements for vehicles operating in cold temperatures as well as high elevation. The Environmental Department has enjoyed using this vehicle. We are able to share the experience of driving an electric vehicle within our department as well as involving others. The Climax Environmental Department is one of six electric trucks at Climax mine so far.

-Meagan Graham, Sr. Environmental Scientist

In 2023, Climax operations continued to partner with the High Country Conservation Center, or HC3. HC3 is committed to promoting energy efficiency and water conservation, and the Climax site has engaged in these sustainability goals by funding their climate action program and electric vehicle education efforts.

## PRIORITY IMPACTS

1,748

INDIVIDUALS WITH PROTECTED AND IMPROVED HEALTH

220

INDIVIDUALS SUPPORTED TO ATTAIN, RETAIN, OR IMPROVE HOUSING

39

INDIVIDUALS SUPPORTED TO ATTAIN, RETAIN, OR IMPROVE EMPLOYMENT

These are actual and forecasted impacts from programs funded through the Climax Community Investment Fund since 2018 as reported by the organization in True Impact.

## THE MOLYBDENUM MARK

"Freeport is committed to the responsible production of copper and molybdenum, both of which are critical to the clean energy transition."

- Bill Cobb, Vice President and Chief Sustainability Officer

Freeport-McMoRan has achieved the Copper Mark at all 12 of its copper producing sites globally and has achieved the Molybdenum Mark at its two primary molybdenum mines, four copper mines that produce by-product molybdenum and at its molybdenum conversion facilities.
