Freeport-McMoRan Foundation Announces 2023 Greenlee County Community Investment Fund Recipients

PHOENIX, AZ, December 18, 2023 — Freeport-McMoRan is pleased to announce the Freeport-McMoRan Foundation has awarded \$300,000 in Greenlee County as part of just over \$3 million awarded to 55 projects in Arizona, Colorado, Iowa, New Mexico and Texas through its Community and Social Investment Fund process.

Recipient organizations will receive their monetary awards and be recognized by members of the Community Investment Committee during presentations in the coming months.

“The success of our community investments relies on partnering with communities to think through opportunities to address potential risks to resilience and well-being, and actively working to identify projects and programs that will strengthen communities over time,” said Tracy Bame, President, Freeport-McMoRan Foundation. “We are grateful for relationships with community partners that allow the kind of collaboration needed to deliver projects and programs that will yield the most meaningful social benefit and continue to build the foundation needed to ensure resilience in a post-mining scenario.”

The Freeport-McMoRan Foundation works with a range of committed partners throughout the investment process. The Foundation has an ongoing partnership with True Impact, allowing organizations to forecast the impact of their project in the community.

Community Investment Funds are led by seven to nine local leaders representing diverse organizations, and along with two to three Freeport-McMoRan representatives, they decide how funds are awarded. These community leaders are selected by members of the local Community Partnership Panel, a stakeholder engagement process established by Freeport-McMoRan more than 18 years ago to foster open and ongoing dialogue with the community. The process allows the company and the community to work together to develop thoughtful solutions that address community needs.

Since 2012, just under \$3 million has been invested through the Freeport-McMoRan Foundation Community Investment Fund in Greenlee County. The funds have been awarded to programs and projects that help foster sustainability and reduce dependency on any single industry. In 2023, \$300,000 was awarded to the following grant recipients:

Art Depot

Art Depot Goes to Town – \$25,000

Funding will allow Art Depot to determine a path forward to serve a larger population and develop a strategic plan for long-term viability.

Graham County Substance Abuse Coalition

Caring Hearts Sober Living Home Project – \$100,000

Women in recovery will have access to a sober living environment, as well as educational, vocational and recovery programs to ultimately gain employment and successfully reenter society.

Town of Duncan

Phase 2 Water Improvements – \$175,000

Funds will be used by the Town of Duncan to further improve and enhance the town's water infrastructure.
