

SOCIAL PERFORMANCE: 2023 YEAR IN REVIEW

Morenci *Transforming tomorrow together*

Year In Review | Freeport-McMoRan is committed to fostering open and ongoing dialogue to develop thoughtful solutions and address community issues. "Transforming Tomorrow Together" means that we work collaboratively with communities to make transformative change and increase opportunity, wellbeing and capacity. We are pleased to highlight some of our key work from 2023 and look forward to a productive 2024 with you.

INVESTMENT

\$455,101 DOLLARS INVESTED*

\$3.5M THE FOUNDATION CONTRIBUTED AN ADDITIONAL \$3.5M TO THE UNITED WAY OF GRAHAM AND GREENLEE COUNTY IN 2023.

\$9.5M INVESTED IN MORENCI FOR TOWNSITE-RELATED EXPENSES

One recipient of Freeport-McMoRan Foundation funds, The Substance Abuse Coalition, received \$100,000 to support the Caring Hearts Sober Living Home Project. These funds will help ensure women in recovery have access to a sober living environment, as well as educational, vocational and recovery programs to ultimately gain employment and successfully re-enter society.

"Living in a rural community is often a challenge while seeking resources to assist individuals with their rehabilitation and recovery. Thanks to the generous donation from Freeport-McMoRan, we will be able to fill this void in our community."
-Kathy Grimes, Director, Graham County Substance Abuse Coalition

*Investment total includes: Freeport-McMoRan Foundation and Morenci investment totals.

ENGAGEMENT

A COMMUNITY PARTNERSHIP...

"We are immensely grateful for the transformative impact that the greenhouse donation from FMI will have on our school, students, teachers, and community. This generous contribution has provided a state-of-the-art facility for hands-on learning in environmental science and agriculture...Beyond the classroom, the community has embraced this initiative, which will create a ripple effect of awareness and involvement in local agriculture. FMI's donation has not only enriched our educational landscape but has also sown the seeds for a productive, more sustainable future for our entire community."

-Marcy Harris, Principal, Duncan High School

In 2023, Freeport-McMoRan Morenci donated a greenhouse kit to Duncan High School. Freeport employees volunteered their time and engineering advice to support the build alongside Duncan High School students. Other area vendors provided additional materials and support. The project created a space for hands-on learning for Duncan High School students while also supporting Freeport's impact areas around access to food and nature-based learning.

THE COPPER MARK

FCX has achieved the Copper Mark at all 12 of its copper producing sites globally and has achieved the Molybdenum Mark at its two primary molybdenum mines, four copper mines that produce by-product molybdenum and at its molybdenum conversion facilities.

"Freeport is committed to the responsible production of copper and molybdenum, both of which are critical to the clean energy transition. We demonstrate this commitment through the Copper Mark, a comprehensive assurance framework that promotes responsible production processes."

- Bill Cobb, Vice President and Chief Sustainability Officer
