Freeport-McMoRan Foundation Investment Priorities

Transforming tomorrow together

Education and Workforce Development

Closing the achievement gap, increasing educational attainment and preparing a highly skilled, adaptable community workforce

- Improve academic performance
- Facilitate completion of post-secondary education
- Create pathways to jobs with a living wage or better
- Enable reskilling, upskilling and transferrable skills for jobs of the future

Economic Opportunity

Strengthening local systems that drive economic progress, enabling opportunities for citizens and the community at large that can be sustained or transferred post-mining

- Create diverse jobs
- Strengthen local businesses
- Ensure attainable housing
- Enable accessible health resources
- Protect land, water
- Increase food security

Social Impacts

Resiliency, Capacity and Leadership

Building individual, organizational, and community ability to maximize the benefits of mining, withstand disruption, and plan for the future

- Engage citizens
- Activate community leaders
- Improve resource efficiency
- Strengthen organizational effectiveness and efficiency to steward and amplify investments
